

My dreams

Preface

I decided to briefly describe my dreams. I have dealt with dreams since my youth, hence I trained my memory for dreams.

I am writing about it because I am motivated by the desire to go down in history and share my experiences. A little bit about me. I was born in Radom, Poland in 1978 - a Catholic country, hence God's matters were close to me. I've also read books by Laurence Gardner, which I appreciate very much. He is an English historian. Thanks to him, I became interested in archeology and the times in which Christ lived. It was my search for meaning, the elixir - the philosopher's stone. From books on spirituality, I recommend "Rediscovering life" by Anthony de Mello. Dreams in the Bible can be mentioned how Joseph interpreted the dreams to Pharaoh.

I did not interpret my initial dreams, I did not even believe that one could get anything valuable from them. It was only after a few years that I found out that this is a kind of non-verbal communication. So I wish you similar experiences and invite you to read my chosen dreams.

I dreamed of God's people, including God, at least that's what he introduced himself - it's hard to argue. It is best to read the book of Psalms about God - in the translation of Czesław Miłosz, the preface may emphasize the thought that *„in the Bible people did not believe in God, they believed in God.”*

THREE DREAMS WITH JESUS MANIFESTATION - 2018

TWO CIRCLES

On the way from my plot, I meet a group of people, headed by Jesus. I walk through the two smoke circles and keep going my way.

MUNDIAL

Jesus appears, he talks about the replacement of a Brazilian national team player named JESUS. There is a phone call to a certain Hollywood star - Benicio del Torro.

Comment.

As I found out, this actor wanted this player to change his name. It also turned out that he acted in films - Sicario (zealots). It was an armed faction of the Israelites.

SCHOOL

The class is all lying on the desks without energy. Hubner appears and says something. In the corridor we can see Jesus walking in the royal white and red cloak.

Comment

There was a satirical show on TV where they made fun of Jesus. He probably wanted to show his reluctance to joke about him.

DREAMS WITH FATIMA - PROTECTION

I'm lying in bed, suddenly some evil force attacks me, Fatima appears and defends me. Then Fatima disappears and my mother appears in her place.

Comment:

I belonged to the Apostolate of Fatima, I started praying the rosary and hence the protection.

FIGURE OF FATIMA

I wake up under the statue of Fatima. The mass outside is underway. Everyone is praying. The actor Kowalski, known from the film Sami Swoi, shows up, shows a book by Darek Sugier, then in the cloakroom they talk about eagles.

Comment: You have to pray, not think about eagles.

THE CHURCH AND THE HOLY SPIRIT - 10/12/2013

Astral Travel. I flew out of my body to the court. It was morning - not night. I expressed in words - Jesus, I trust in You. I felt a gust of wind from behind and I flew to the church. There was mass, I landed at the organist and a white dove appeared with the sign of the Holy Spirit and from there I watched the mass.

MY MEETING ON THE MOUNTAIN

My South estate. I met the young Stuhr on the way to the hill. He was selling sweet rolls. Then the three of us and a woman found ourselves in the castle square. Some guest appeared, rather reluctant, wanted to stop us. We started running, we flew and finally we got to Italy to the top of the mountain. A figure appeared, in a hood with a beard and a blue face. He said that he was God and that in the beginning he separated heaven from hell.

Comment:

Before going to bed, I lost my enthusiasm for work, and here is such a surprise. It was not a friendly meeting. Seriousness, cloudy sky around. How he separated heaven from hell is good, God, God's protection, someone from higher locations. A blue face, maybe because I started to write to God and seal it with a blue seal and not a red one. There is one more question of who influenced my dreams. Who these two were, I don't know. Some unknowns. On TV Trwam I watched a fragment of an Italian film about the synod of bishops in the Vatican. He looked similar. I also read the article on Stuhr the day before. Also, I had a Psalm 15 tab in my Bible.
